EVENT REPORT

Name Of The Activity	A Seminar on Diabetes and Remedies	
Type Of Activity	seminar	
Date And Time Of Activity	13/06/2018	10.00AM
No. Of Participants	33	
Resource Person	Dr. Baba Fakruddin	
Coordinators	Ms Ashwini Patil	
Description	<p>The Seminar on Diabetes and Remedies, held at Trimurti Institute of Pharmacy on June 13, 2018, and spearheaded by Dr. Baba Fakruddin, was a significant event dedicated to exploring the multifaceted aspects of diabetes management and treatment options. Attended by healthcare professionals, researchers, and students, the seminar delved into the epidemiology, pathophysiology, and complications of diabetes mellitus, shedding light on the growing global burden of the disease. Through informative presentations, expert lectures, and interactive discussions, participants gained insights into the latest advancements in diabetes research, including novel therapeutic approaches, lifestyle interventions, and emerging technologies for glucose monitoring and management. Dr. Baba Fakruddin and other esteemed speakers shared evidence-based strategies for diabetes prevention, early detection, and patient education, emphasizing the importance of holistic and patient-centered care approaches. The seminar also provided a platform for networking, collaboration, and knowledge exchange among stakeholders in the healthcare community, fostering interdisciplinary collaboration and innovation in the field of diabetes care. Overall, the Seminar on Diabetes and Remedies played a pivotal role in raising</p>	

	awareness, disseminating knowledge, and promoting evidence-based practices for improving outcomes in diabetes management.

Description	<p>The One-Day Workshop on Modern Analytical Techniques in Pharmacy, conducted at Trimurti Institute of Pharmacy on July 28, 2018, and led by Dr. Rabindra Nair, was a pivotal event aimed at familiarizing participants with cutting-edge analytical methodologies and instruments in pharmaceutical sciences. Attended by students, faculty members, and industry professionals, the workshop provided comprehensive insights into the principles, applications, and advancements in analytical techniques relevant to pharmacy practice. Through interactive demonstrations, hands-on exercises, and expert-led discussions, participants gained practical experience and theoretical knowledge in areas such as chromatography, spectroscopy, mass spectrometry, and nuclear magnetic resonance (NMR) spectroscopy. Dr. Rabindra Nair and other experienced facilitators shared insights into the interpretation of analytical data, troubleshooting techniques, and regulatory considerations in pharmaceutical analysis. The workshop served as a platform for enhancing research capabilities, fostering</p>	

	<p>innovation, and promoting quality assurance in pharmaceutical research and development. Overall, the Workshop on Modern Analytical Techniques in Pharmacy contributed significantly to equipping participants with the skills and knowledge necessary to address complex analytical challenges and drive advancements in pharmaceutical sciences.</p>

Description	<p>The Workshop on Biostatistics and Research Methodology, held at Trimurti Institute of Pharmacy on August 18, 2018, and led by Dr. Lakshman Murthy, was a pivotal event aimed at enhancing participants' understanding and proficiency in statistical analysis and research methodologies in the context of pharmaceutical sciences. Attended by students, faculty members, and researchers, the workshop provided comprehensive insights into the principles and applications of biostatistics in pharmaceutical research. Through interactive lectures, hands-on exercises, and practical demonstrations, participants gained valuable knowledge and skills in study design, data collection, analysis, and interpretation. Dr. Lakshman Murthy and other expert facilitators emphasized the importance of robust research methodologies and statistical techniques in generating valid and reliable research findings. The workshop also addressed key concepts such as hypothesis testing, sample size determination, and data presentation, equipping attendees with the tools necessary to conduct methodologically sound research studies in the field of pharmacy. Overall, the Workshop on Biostatistics and Research Methodology served as a catalyst for advancing research competencies and promoting evidence-based practice among pharmacy professionals and scholars.</p>

Description	<p>The Seminar on "Pharmacist: Your Medicine Expert," organized by Trimurti Institute of Pharmacy on September 25, 2018, under the guidance of Dr. M. Maneesh Kumar Reddy, was a significant event aimed at highlighting the crucial role of pharmacists in healthcare. Attended by students, healthcare professionals, and members of the community, the seminar emphasized the expertise of pharmacists in medication management, patient counseling, and promoting health and wellness. Through engaging presentations, interactive sessions, and real-life case studies, participants gained insights into the diverse responsibilities of pharmacists, including medication therapy management, drug interactions, and adverse effects monitoring. Dr. M. Maneesh Kumar Reddy and other distinguished speakers underscored the importance of collaboration between pharmacists and other healthcare providers in optimizing patient care outcomes. The seminar also addressed emerging trends in pharmacy practice, such as pharmacogenomics and precision medicine, highlighting the evolving role of pharmacists in personalized healthcare delivery. Overall, the Seminar on "Pharmacist: Your Medicine Expert" served as a platform for raising awareness about the valuable contributions of pharmacists to public health and promoting their integral role as essential members of the healthcare team.</p>
