Type Of Activity	seminar	
Date And Time Of Activity	30/03/2019	10.00AM
No. Of Participants	35	
Resource Person	Dr.S.Vinita	
Coordinators	Ms. Ashwini I Patil	
Description	<p>The Seminar on Targetted Drug Delivery System, held at Trimurti Institute of Pharmacy on March 30, 2019, and led by Dr. S. Vinita, proved to be a pivotal event in the field of pharmaceutical sciences. Attendees, including students, faculty members, and industry professionals, were immersed in discussions surrounding the latest advancements and methodologies in targeted drug delivery. Through interactive presentations, case studies, and workshops, participants gained insights into the principles and applications of targeted drug delivery, particularly focusing on its potential in enhancing treatment efficacy while minimizing side effects. Dr. S. Vinita and other esteemed speakers highlighted emerging trends in nanotechnology, biomaterials, and formulation strategies, offering valuable perspectives on the future of drug delivery systems. The seminar not only fostered interdisciplinary collaboration but also inspired attendees to explore innovative approaches towards addressing therapeutic challenges. Overall, the Seminar on Targetted Drug Delivery System underscored the importance of continuous learning and research in advancing pharmaceutical sciences, leaving</p>

Name Of The Activity	One Day workshop on Intellectual Property Rights	
Type Of Activity	workshop	
Date And Time Of Activity	20/04/2019	10.00AM
No. Of Participants	38	
Resource Person	Dr.M.Greeshma	
Coordinators	Mr. Sachin Jadhav , Mr Sagar Sonawane	
Description	<p>The One-Day Workshop on Intellectual Property Rights, held at Trimurti Institute of Pharmacy on April 20, 2019, and organized by Dr. M. Greeshma, was a significant event aimed at educating participants about the importance and implications of intellectual property (IP) in the pharmaceutical domain. Attended by students, faculty members, and industry professionals, the workshop delved into various aspects of IP, including patents, trademarks, copyrights, and trade secrets. Through engaging presentations, interactive sessions, and case studies, participants gained insights into the role of IP in protecting innovations, fostering creativity, and driving economic growth in the pharmaceutical sector. Dr. M. Greeshma and other experts in the field provided practical guidance on navigating the complexities of IP laws and regulations, emphasizing the need for ethical considerations and strategic approaches to IP management. The workshop served as a platform for knowledge sharing, fostering dialogue, and empowering participants to leverage IP effectively to enhance competitiveness and innovation in the pharmaceutical industry. Overall, the One-Day Workshop on Intellectual Property Rights contributed significantly to</p>	

	raising awareness and promoting IP literacy among stakeholders in the pharmacy community.

Name Of The Activity	A Seminar on Study & Design in Research Methodology
Description	<p>The Seminar on Study & Design in Research Methodology, hosted by Trimurti Institute of Pharmacy on June 15, 2019, and led by Dr. Mukesh, was a pivotal event geared towards enhancing participants' understanding of research design principles and methodologies. Attended by students, faculty members, and researchers, the seminar delved into various facets of study design, data collection techniques, and research methodologies relevant to the field of pharmacy. Through engaging presentations, interactive workshops, and case studies, participants gained insights into the importance of selecting appropriate study designs, sampling methods, and statistical analyses to ensure the validity and reliability of research findings. Dr. Mukesh and other expert speakers elucidated key concepts such as hypothesis formulation, variables identification, and research ethics, providing attendees with practical tools and strategies to conduct rigorous and impactful research projects. The seminar fostered a collaborative learning environment where participants could exchange ideas, share experiences, and gain practical insights into the research process. Overall, the Seminar on Study & Design in Research Methodology served as a valuable platform for promoting research excellence and empowering participants to contribute meaningfully to the advancement of pharmaceutical sciences.</p>

Description	<p>The Seminar on Good Laboratory Practices, convened at Trimurti Institute of Pharmacy on January 3, 2019, and directed by Dr. Baba Fakruddin, provided a comprehensive exploration of essential practices and standards for laboratory operations. Attended by students, faculty members, and laboratory professionals, the seminar delved into the importance of adhering to stringent guidelines to ensure accuracy, reliability, and integrity in laboratory experiments and analyses. Through informative presentations, interactive discussions, and practical demonstrations, participants gained insights into the fundamental principles of good laboratory practices (GLP), including documentation, equipment calibration, sample handling, and data management. Dr. Baba Fakruddin and other expert speakers emphasized the significance of quality assurance, safety protocols, and regulatory compliance in maintaining high standards of laboratory performance and research integrity. The seminar served as a platform for fostering a culture of excellence, responsibility, and professionalism among laboratory practitioners, equipping them with the knowledge and skills to uphold the highest standards of scientific rigor and ethical conduct in their work.
