## ACTIVITY REPORT

Name of the Activity	Health Apps for Mobile Devices	
Type of Activity	Computing Skills	
Date and Time of Activity	20/9/2023	10:00AM
Details of Participants	30	
Resource Person	Dr. Ankur Jain	
Description	<p>The Health Apps for Mobile Devices and Computing Skills event at TIP Institute of Pharmacy on 20th September 2023 provided an insightful platform for pharmacy students to explore the intersection of healthcare and technology. The event focused on enhancing computing skills relevant to the pharmacy domain, with a particular emphasis on Health Apps for Mobile Devices. Students engaged in hands-on workshops and interactive sessions, gaining practical experience in utilizing health informatics tools, understanding pharmacy information systems, and mastering the use of Health Apps for Mobile Devices. The curriculum encompassed data management, information security, and the integration of technology in pharmacy practice. This event not only equipped students with the necessary skills to navigate pharmacy automation and robotics but also fostered a comprehensive understanding of telehealth technologies. By promoting a forward-looking approach to pharmacy education, the event empowered students to leverage computing skills for improved patient care and efficient pharmacy operations in the evolving landscape of healthcare..</p>

Description	<p>On the 19th of February 2022, TIP Institute of Pharmacy hosted a foundational computing skills workshop centered around the theme of "Digital Communication," commencing at 10:30 AM. Tailored to enhance students' digital competencies, the session delivered practical insights into adept internet navigation and proficient email communication. Participants acquired firsthand experience in efficiently exploring online resources and garnered knowledge on effective practices for composing and managing professional emails. The primary objective of the event was to empower students with indispensable skills applicable to academic research, communication, and their future professional pursuits. Through this initiative, TIP College underscored its dedication to furnishing students with practical computing abilities essential for navigating the contemporary landscape of pharmacy education and practice, ensuring their preparedness for the challenges of the digital era..</p>

Resource Person	Mr.Swapnil Bhandarkar	
Description	<p>On the 25th of March 2021, TIP Institute of Pharmacy organized a foundational computing skills workshop centered on " Fundamental Computer Proficiency and Document Processing," commencing at 9:30 AM. The event featured a distinguished felicitation of the resource person by the principal, adding a special element to the program. The primary goal was to furnish students with essential computer literacy, with a particular emphasis on foundational skills for word processing. Participants actively engaged in practical training sessions, covering fundamental computer operations, file management, and gaining proficiency in word processing software. The inclusion of a felicitation ceremony served as a recognition of the resource person's expertise and contributions to enhancing the computing skills of pharmacy students. This endeavor highlighted TIP College's dedication to delivering a comprehensive education, ensuring that students not only excel in pharmaceutical knowledge but also possess crucial foundational computing skills for their academic and professional journey..</p>

Type of Activity	Computing Skills	
Date and Time of Activity	21/12/2020	10:00AM
Details of Participants	30	
Resource Person	Mrs.Ashwini patil	
Description	<p>On the 24th of December 2020, TIP Institute of Pharmacy orchestrated a specialized session titled "ICT on Applications and Uses of Animal Stimulator" at 9:30 AM, spotlighting computing skills within the pharmaceutical education domain. The event delved into the incorporation of Information and Communication Technology (ICT) in pharmaceutical contexts, with a specific emphasis on the practical uses and applications of animal stimulators. Participants actively participated in hands-on sessions, exploring how ICT tools enhance research methodologies involving animal models in pharmaceutical studies. The primary objective of the event was to narrow the gap between conventional pharmaceutical practices and cutting-edge technology, ensuring that students possess adeptness in leveraging computing skills for advanced research in pharmacology. Through this initiative, TIP College underscored its unwavering commitment to staying at the forefront of technological integration within pharmaceutical education, preparing students for a future where computing skills play a pivotal role in innovative advancements within the field..</p>

Description	<p>On the 15th of July 2019, TIP Institute of Pharmacy hosted a comprehensive event centered around "SPSS Software and Its Applications," commencing at 10:00 AM and concluding with a special recognition of the resource person. The program aimed to provide students with valuable insights into the practical use of Statistical Package for the Social Sciences (SPSS) software in pharmaceutical research and data analysis. Participants actively engaged in hands-on sessions, acquiring practical expertise in data manipulation, statistical analysis, and the interpretation of results using SPSS. The event concluded with a gracious acknowledgment of the resource person's expertise and contributions to enhancing the computing skills of pharmacy students. Through this endeavor, TIP College demonstrated its dedication to preparing students with pertinent computing skills, ensuring their readiness for advanced research and data-driven decision-making in the pharmaceutical domain..</p>
